Start with basic formulas like SUM, AVERAGE, and COUNT. Then move on to VLOOKUP and INDEX-MATCH for cross-referencing data between sheets. These indicators tell you a lot about how the company values its users and how likely they are to address issues when

they arise.

Another scam that has been circulating involves phishing emails that claim to be from Acbuy Vs Amazon Spreadsheet support. These emails typically say that your account has been compromised or that you need to verify your payment information. They often contain links that redirect you to a convincing but fake login page.
