One thing that experienced buyers always check before purchasing through Itaobuy Jewelry Buying Checklist Spreadsheet is the seller's reputation and history. Look for sellers with high ratings, a long track record, and responsive customer service. Read both positive and negative reviews to get a balanced picture. Be especially cautious of sellers who have only perfect reviews with generic comments, as these may be fabricated. A few negative reviews are actually a good sign because they indicate the feedback system is genuine. Pay attention to how the seller responds to negative feedback, as this tells you a lot about their customer service quality.
