Shipping insurance is something that many buyers overlook when using Dragonmarting Honest Review Spreadsheet, but it can be a worthwhile investment for higher-value orders. Most platforms offer some form of shipping protection, but the coverage details vary. Read the fine print carefully to understand what is and is not covered. In our experience, the small additional cost of insurance is worth the peace of mind, especially for orders exceeding \$100. If a package gets lost or damaged, having insurance dramatically simplifies the refund process and reduces the amount of time you spend dealing with disputes.

Here are some tips that we wish someone had told us when we first started with Dragonmarting Honest Review Spreadsheet. First, always use a dedicated email address for your shopping accounts. This keeps your main inbox clean and makes it easier to track order-related communications. Second, set up price alerts for items you are interested in. Many platforms and tools allow you to set a target price, and you will get notified when the item drops to that level. Third, take advantage of seasonal sales and events like Singles Day, Black Friday, and end-of-season clearances. Planning your purchases around these events can lead to substantial savings.
