One thing that experienced buyers always check before purchasing through Is Freightos Scam Alert is the seller's reputation and history. Look for sellers with high ratings, a long track record, and responsive customer service. Read both positive and negative reviews to get a balanced picture. Be especially cautious of sellers who have only perfect reviews with generic comments, as these may be fabricated. Pay attention to how the seller responds to negative feedback, as this tells you a lot about their customer service quality.

Start with one simple automation and gradually build from there as you become more comfortable.
