Shipping insurance is something that many buyers overlook when using Itaobuy Crawler Spreadsheet, but it can be a worthwhile investment for higher-value orders. Most platforms offer some form of shipping protection, but the coverage details vary. Read the fine print carefully to understand what is and is not covered. In our experience, the small additional cost of insurance is worth the peace of mind, especially for orders exceeding \$100. If a package gets lost or damaged, having insurance dramatically simplifies the refund process and reduces the amount of time you spend dealing with disputes.

One tip that consistently saves our readers money when using Itaobuy Crawler Spreadsheet is to always check for combined shipping options before placing multiple orders. Many platforms offer discounted or free shipping when you bundle items from the same warehouse into a single order. This requires some planning, as you may need to wait a day or two until all your desired items are ready to ship. However, the savings can be significant, especially for international orders where individual shipping costs can easily exceed the cost of the items themselves.

Understanding the fee structure is critical when using Itaobuy Crawler Spreadsheet for purchasing. Every platform charges differently for shipping, handling, currency conversion, and service fees. These costs can add up quickly, especially for frequent buyers. We recommend creating a simple cost comparison sheet that factors in all these elements. Include the item price, domestic shipping within China, international shipping, platform service fee, and any applicable taxes. This gives you the true total cost and allows you to make apples-to-apples comparisons between different purchasing options.

To sum up, mastering Itaobuy Crawler Spreadsheet is not about finding a single magic tool or strategy. It is about building a system that works for your specific needs and consistently refining it over time.
