Shipping insurance is something that many buyers overlook when using Itaobuy Lego For Advanced Users Spreadsheet, but it can be a worthwhile investment for higher-value orders. Most platforms offer some form of shipping protection, but the coverage details vary. Read the fine print carefully to understand what is and is not covered. In our experience, the small additional cost of insurance is worth the peace of mind, especially for orders exceeding \$100. If a package gets lost or damaged, having insurance dramatically simplifies the refund process and reduces the amount of time you spend dealing with disputes.

If you want to take your Itaobuy Lego For Advanced Users Spreadsheet workflow to the next level, consider learning basic automation. Tools like Google Apps Script, Zapier, or n8n can automate repetitive tasks like copying data between sheets, sending notifications when order statuses change, or generating summary reports at the end of each week. You do not need to be a developer to set up basic automations. Many platforms offer pre-built templates and tutorials that walk you through the process step by step. Start with one simple automation and gradually build from there as you become more comfortable.

A common pitfall that catches many Itaobuy Lego For Advanced Users Spreadsheet users off guard is currency conversion fees. Many platforms display prices in USD or EUR but process payments in a different currency. This can result in unfavorable exchange rates and hidden fees that are not immediately visible. We recommend using a currency conversion tool or a fee-free debit card like Wise to make international payments. This gives you the real exchange rate and can save you 3-5% on each transaction compared to using a standard credit card.
